

Interac Flash[®])))

**The fast and easy
way to pay.**

***Interac Flash*, the contactless
version of *Interac*[®] Debit,
is the secure way to make
everyday small purchases
faster and more conveniently.**

How does it work?

Briefly hold your *Interac Flash-enabled debit card* over the *contactless payment terminal* and your purchase is automatically paid for right from your account.

The secure way to pay.

Interac Flash has a single-transaction limit of \$100, and a total-spend limit set by your financial institution, which requires a PIN verification to confirm you are the rightful cardholder.
